(e) A judgment declaring that the commercial manufacture, use, sale, offer for sale or importation of Wockhardt's ANDA Product, or any other drug product which is covered by or whose use is covered by United States Patent No. 6,995,186, will infringe, induce the infringement of, and contribute to the infringement by others of, that patent;

(f) A judgment declaring that the commercial manufacture, use, sale, offer for sale or importation of Wockhardt's ANDA Product, or any other drug product which is covered by or whose use is covered by United States Patent No. 7,402,609, will infringe and will induce the infringement of that patent;

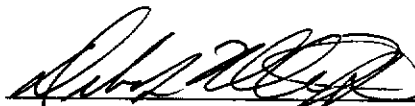

(g) A declaration that this is an exceptional case and an award of attorneys' fees pursuant to 35 U.S.C. § 285;

(h) Costs and expenses in this action; and

- (i) Such further and other relief as this Court may deem just and proper.
